: Valid until - «PA\_Validity»

Project Type : «Project\_Type»  
Project Name : «Project\_Name»  
Project Capacity - kilowatt : «Capacity» (Installed generating capacity)

This refers to your application for Provisional Approval for the above Project dated «AppIn\_Date». The Project Approving Committee of Sri Lanka Sustainable Energy Authority (SEA) acting under paragraph (a) of subsection (2) of section 17 of SEA Act No 35 of 2007, has granted **Provisional Approval** to the Project. The Provisional Approval Number specified above should be used in all future correspondence with the Authority, and in all reports and other documentation about the Project.

You are hereby required to submit the documents and information referred to below within **six months** from the date of issue of this Provisional Approval stated above. In the event you are unable to submit the required documents and information within such period, you are entitled to request from the Director General for an extension of this period, provided the maximum of such extension shall not exceed a period of an **additional six months**.

**(1) Documents:**

- I. Letter of Intent to purchase electricity from Ceylon Electricity Board.
- II. Approval from the Central Environmental Authority
- III. Water rights from the Divisional Secretary, where applicable
- IV. ....
- V. ....

**(2) Information:**

- I. The Feasibility Study Report and an outline plan for the construction of the Project.
- II. A progress report of the Project, once in every three months from the date of this Provisional Approval.

If you fail to submit the above documents and information during the period of validity of this Provisional Approval, the Authority reserves the right to issue a Resource Allocation and the Provisional Approval to another Applicant, or to implement any other mechanism to develop the Project.

You should not conduct any construction work at the site or the associated resource. However, instruments and other devices required for measurements and other studies/investigations may be installed with the approval of the relevant agencies.

General

- (a) The Authority will assist you in obtaining any other approval or clearance that is required to be obtained from any agencies, in order to engage in this Project.
- (b) Any costs incurred by you in obtaining the documents and information required as specified in this Provisional Approval, should be borne by you and the Authority shall not be responsible for any expenses incurred

Yours truly,  
**SRI LANKA SUSTAINABLE ENERGY AUTHORITY**

**Director General**
