

SRI LANKA SUSTAINABLE ENERGY AUTHORITY
A Statutory Authority within the Ministry of Power & Energy

**PERMIT FOR ENGAGING-IN AND CARRYING-ON OF AN
ON-GRID RENEWABLE ENERGY PROJECT**

Format F4

Resource Allocation Number	R					-	0	
Provisional Approval Number	PA					-	0	
Permit Number	EP					-	0	

Application Reference Number: A

Date:

Name and Address of Applicant: _____

(the special purpose Company, if required, as stated in the application)

Permit Number EPXXXX-0X

Project Type: _____ (as stated in the Application, but elaborated as required)

On-grid Renewable Energy Project Name: _____
(may be the same name in the provisional approval or different, to ensure clarity and avoid conflicts with other projects)

Installed electricity generating capacity of the Plant: _____ kilowatt (only the whole number, no decimals)

Date of Issue of the Permit: **DD/MM/YYYY**

Scheduled Commercial Operation Date: _____ (two years from the date of validity above)

This refers to your application dated _____ and to the Provisional Approval Number PAXXXX-0X issued to _____, to develop the On-grid Renewable Energy Project described above.

_____ (name of applicant) (hereinafter referred to as the "Developer"), has been granted a Renewable Energy Permit (hereinafter referred to as the "Permit") under Section 18 of the Sri Lanka Sustainable Energy Authority Act 35 of 2007, (herein after referred to as the "Act"). The permit number as indicated above should be used in all future correspondence with the Sri Lanka Sustainable Energy Authority (herein after referred to as the "Authority") and documentation relating to the Project.

The Permit shall be subject to the following Terms and Conditions:

1. The Project should commence its commercial operations within two years of the date of issue of this Permit, and in the event of failure to commence commercial operations within such period, the Director General of the Authority shall have the power to cancel this Permit with immediate effect.
2. This Permit shall be valid for a period of twenty years (20) from the date of commencement of commercial operations.
3. The plan for Project implementation indicating major milestones should be submitted to the Authority, within two weeks from the date of issue of this Permit.
4. A progress report indicating the achievement of Project milestones should be submitted to the Authority, once in every three months from the date of issue of this Permit.
5. Within one (1) month from the date of issue of this Permit, the Developer should enter into a Small Power Purchase Agreement or other similar Agreement with Ceylon Electricity Board, to sell electricity generated by the Plant. A copy each of all such Agreements should be promptly submitted to the Authority.
6. A certificate issued by the Ceylon Electricity Board, certifying the date of commencement of commercial operations of the Project as specified in the Power Purchase Agreement, should be submitted to the Authority within one month of such date of commencement of commercial operations.
7. Immediately upon the expiry of a period of three months from the date of commencement of commercial operations of the Project, the Developer should submit to the Authority, an Audited Statement of Accounts certified by a Chartered Accountant, covering all transactions carried out by the Developer during the following period:

Start date: Date of issue of the Provisional Approval
End date: Three months from the date of commencement of commercial operations
8. The Plant should deliver not less than fifty percent (50%) of the nominal annual energy delivery or minimum guaranteed energy as defined in the respective Small Power Purchase Agreement or other similar Agreement, for a continuous period of five (5) years from the date of commencement of commercial operations.
9. The Plant shall be designed, built, commissioned and operated in accordance with the relevant standards of the Ceylon Electricity Board.
10. Utilisation of the renewable energy resource and structures required to harness the same shall conform to the relevant standards, regulations and codes as stipulated by the relevant approving authorities.
11. Any costs incurred by the Developer in the fulfilment of requirements, terms and conditions specified in this Permit shall not be the responsibility of the Authority and shall be borne entirely by the Developer.
12. The Developer shall take all necessary measures to use the renewable energy resource allocated for the Project with due diligence, during construction and operational life of the Project.
13. The Developer shall not undertake any capacity additions during the construction and operational life of the project, above the permitted installed capacity stipulated in the Permit.

14. Where any damage is caused to the energy resource being utilised for the Project due to the negligence or lack of due diligence of the Developer, the Developer shall be liable to pay the Authority such amount as compensation, as the Minister may determine in consultation with the Minister of Finance.
15. If at any time during the validity of this Permit, the terms and conditions stipulated herein are violated by the Developer, the Director General of the Authority, with the Approval of the Authority, shall have the power to cancel this Permit, under paragraph (b) subsection (1) of section 21 of the Act.
