

Sri Lanka Sustainable Energy Authority (SLSEA)

Registration of Suppliers

Efficient biomass cookstove/ biogas unit suppliers and suppliers of biomass pellet /coconut shell charcoal/firewood

1. Sri Lanka Sustainable Energy Authority envisages distributing efficient biomass cookstoves in housing units, with special emphasis on flat dwelling families with the aim of promoting the efficient use of biomass. This measure has been taken as an immediate response to the prevailing LP gas shortage. In order to regularise this programme, the SLSEA wishes to invite suppliers of biomass cookstoves (which use pellets, coconut shell charcoal, woody and other types of biomass) to register with the SLSEA. Those who wish to register should be capable of manufacturing more than 500 stoves per month and should offer a one-year warranty for the product. Additionally, producers of biogas units and biogas suppliers too could register with the SLSEA under this programme.
2. Further, the distribution of efficient cookstoves will in turn create a demand for the above mentioned types of biomass, therefore the SLSEA invites suppliers of such biomass resources and suppliers of biogas units, too to register with the SLSEA.
3. We envisage using efficient, environmentally friendly, convenient biomass cook stoves in our programme, which will be selected from among the registered suppliers. Hence, you are invited to submit the perfected registration form (downloadable from www.energy.gov.lk) and register your product with the SLSEA.
 - A) Suppliers of efficient biomass cookstoves ----- Annex 1
 - B) Suppliers of biogas units ----- Annex 2
 - C) Suppliers of pellets, coconut shell charcoal, woody biomass or other types of biomass -----
----- Annex 3
4. In order to register with us, please submit or post your duly perfected registration form on or before July 04, 2022. By registering with the SLSEA, you would have the opportunity to participate in the national program the distribution of efficient cookstoves.
5. Further details can be obtained by calling the Director (Policy Advocacy), Mrs. Thamara Dilhani, Sustainable Energy Authority during office hours at 0112575030.
